Gents  
With this I take pleasure  
in stating that I have been  
informed that a painting representing  
"The Battle of Salamis" painted  
by the famous Master Wm Kaulbach  
deceased will soon be offered  
to different Governments of Europe  
for Sale - as the painting has a  
length of nearly thirty (30) feet; it  
is therefore only suitable for a  
Public Gallery - It is painted

in one color Sepia -

Having a pride in the progress  
of art at home, and anxious to  
see this picture owned in America  
I therefore felt warranted in the  
liberty I have taken to get from  
my friend the son of deceased the  
refusal of this picture until you  
were informed and to await  
your answer - Should you

Gentlemen desire to secure this  
work it would be well to enter  
into negotiations with the  
family at once - Address

Herrmann Kaulbach 16 1/2 Garten St.

have relieved myself of a duty

I remain Very Respectfully

Mr MacLeod

Dear

I have sent  
today to Mr Kipp some  
letters & if you please  
read and return them to  
me as I have not answered them  
— I will again send them — it is  
all the information I  
have — but I have written  
to Lucas to hurry up  
the few remaining and  
to send word detail  
about who the things

and all by — I wrote  
him to reply at once —

You will likely  
get the casts on the  
way the last of next  
week — They are  
largely "bas reliefs" —  
Those by Jean Gouyon —  
(whom I regard as the  
greatest of the French  
sculptors) are very fine  
and in style entirely  
original — by the way  
I have in my library  
a book containing outlines  
of his things — shall

I send it to you to look  
at & if you have not  
seen it — do you  
remember two of his  
things in bronze on  
my front doors? —

Of course he is far  
from being as great a  
man as Angelo — but  
like him his style is entirely  
his own — They are  
neither Greek or ~~modern~~  
you will I think like  
his things —

## Department of the Interior,

BUREAU OF EDUCATION,

Washington, D. C., Aug 26<sup>th</sup>, 1875.Recd. Jackson,  
Sept. 1/175.

Dear Sir=

I send you by mail to day, a proof copy of the pages of the Tabulated Statistics of "Art Museums," and of Art Training Institutes," which this Bureau has compiled from the replies to the "schedule of Inquiries" sent some months since.

You will observe that in some cases, classes which were separated on the "Inquiries," have been combined in the tables, from want of space.

These statistics are for the Annual Report of the Commissioner for 1874, now in press; they will also be used in publication on "Drawing in Public Schools, and Art as related to Education in the United States," to be issued in a few weeks, and we shall be greatly

obliged, if you will also add some new facts,  
or accounts of progress for 1875, to be used in  
this publication. Please look at the statistics  
of your own 'Museum' or 'Institution of Art  
Training', and indicate any mistakes, please  
also state the date of the change. If now  
correct for 1874 - please add in margin  
changes for 1875. The new publication is based  
on Circular No. 2. 1874. It will be the Cen-  
tennial Statement and it is sought to make  
it as accurate and full as possible. Please  
write out for it any historical or other items  
of interest about your own institution.

A speedy return of the proofs will enable  
the corrections to be made before stereotyping  
for the Report of 1874. and oblige.

W<sup>m</sup> Mac Leod, Esq. Yours very respectfully.

Sir.

In answer to yours of the 12<sup>th</sup>  
August we beg to say that the Ewer  
marked 56,53 is the Augsburg ewer  
the original silver gilt from the Louvre.  
Commemorating the siege of Algiers was  
made for the Emperor Charles IV.

The small shield marked 54,1 is  
a mistake it has no number in the  
Catalogue but is a work of exquisite  
beauty by Cellini the great Italian  
Artist.

We have just received an Order from  
the South Kensington Museum to  
reproduce a number of Articles lately  
purchased by them from the Bond

Collection, there are some very good  
specimens of Antique work.  
The set of 21 objects will amount  
to about £140. Should you wish  
to obtain copies I will send you the  
particulars.
